

>> SUBMIT A PROPOSAL FOR <<

THE OUTREACH INITIATIVE has been an integral part of Lakes Area Music Festival over the past decade. We believe that in order to make classical music truly accessible to everyone in our community, it should be presented in diverse ways outside of the traditional concert hall setting.

Our mission is to connect our international roster of musicians with residents of the Lakes Area who may feel excluded from actively participating in community spaces—such as attending classical music events—because of education, economic status, or experience, and share with them how enriching classical music can be.

In order to do that, we partner with local nonprofits to create innovative activities to benefit the people they serve.

We invite your nonprofit to submit a short proposal to incorporate the world-class musicians of the Lakes Area Music Festival in your summertime activities!

Proposals that present events or projects merging community and classical music will be evaluated by a panel of community members based on scores from four categories:

- ① Audience impact ② Arts accessibility ③ Number of people reached ④ Innovation

Please contact ↙

Ava Figliuzzi >> ava@lakesareamusic.org

with any and all questions. Deadline for proposal submission is **March 1**.
